NEWS RELEASES

FCC PROPOSES AMENDING PART 80 OF THE RULES
TO ADD PRINCE WILLIAM SOUND TO THE COAST
GUARD'S DESIGNATED RADIO PROTECTION AREAS
- WT DOCKET NO. 94-153 (Report No. DC-2697, Action
in Docket Case)

At the request of the United States Coast Guard,
the Commission has proposed amending Part 80 of the rules
to add Prince William Sound to the Coast Guard's
designated radio protection areas for mandatory Vessel
Traffic Services (VTS) and establish marine VHF Channel
11 as the VTS frequency for Prince William Sound. The
Commission said the proposed rule would promote vessel
safety by adding Prince William Sound to the list of
designated radio protection areas for VTS systems.

Action by the Commission December 16 by NPRM
(FCC 94-328).
